Pt. 3480

the terms and conditions of the Federal lease or leases shall be amended so that they are consistent with or are superseded by the requirements imposed on the LMU of which it has become a part.

(c) The holder of any lease issued or readjusted between May 7, 1976, and the effective date of this regulation, whose lease provides by its own terms that it is considered to be an LMU, may request removal of this provision from any such lease. Such request shall be submitted to the authorized officer.

PART 3480—COAL EXPLORATION AND MINING OPERATIONS RULES

NOTE1: The information collection requirements contained in 43 CFR part 3480 which require the filing of forms have been approved by the Office of Management and Budget (OMB) under 44 U.S.C. 3507. The Coal Production and Royalty Report form in 30 CFR 211.62(d)(1), U.S. Geological Survey Form 9-373A, has been approved by OMB under 44 U.S.C. 3507 and assigned clearance number 1028-0001.

The information is being collected for Federal royalty accounting purposes. The information will be used to permit accounting and auditing of royalties submitted by the operators/lessees of Federal coal leases. The obligation to respond is mandatory for all operators/lessees of Federal coal leases. For nonproducing Federal leases, the report is required on an annual basis. For producing Federal leases, the report is required monthly or quarterly as specified in the Federal lease.

The information collection requirements contained at §§3481.1, 3481.2, 3482.2, 3482.3, 3483.3, 3483.4, 3485.1, 3485.2, 3486.3 and 3487.1 of this title have been approved by OMB under 44 U.S.C. 3507 and assigned clearance number 1028-0042. The information may be collected from some operators/lessees to either provide data so that proposed operations may be approved or to enable the monitoring of compliance with approvals already granted. The information will be used to grant approval to begin or alter operations or to allow operations to continue. The obligation to respond is required to obtain the benefit under the Federal lease.

NOTE 2: There are many leases and agreements currently in effect, and which will remain in effect, involving Federal coal leases which specifically refer to the United States Geological Survey, USGS, Minerals Management Service, MMS, or Conservation Division. These leases and agreements also often

specifically refer to various officers such as Supervisor, Conservation Manager, Deputy Conservation Manager, Minerals Manager and Deputy Minerals Manager. In addition, many leases and agreements specifically refer to 30 CFR part 211 or specific sections thereof. Those references shall now be read to refer to 43 CFR part 3480 or to the appropriate redesignated section thereof.

Subpart 3480—Coal Exploration and Mining Operations Rules: General

§ 3480.0-1 Purpose.

The purposes of the rules of this part are to ensure orderly and efficient development, mining, preparation, and handling operations for Federal coal; ensure production practices that prevent wasting or loss of coal or other resources; avoid unnecessary damage to coal-bearing or mineral-bearing formations; ensure MER of Federal coal; ensure that operations meet requirements for diligent development and continued operation; ensure resource recovery and protection plans are submitted and approved in compliance with MLA; ensure effective and reasonable regulation of surface and underground coal mining operations; require an accurate record and accounting of all coal produced; ensure efficient, environmentally sound exploration and mining operations; and eliminate duplication of efforts by the Minerals Management Service (MMS), OSM, and the States in the Federal coal program.

43 CFR Ch. II (10-1-06 Edition)

§ 3480.0-4 Scope.

The rules of this part shall govern operations for the exploration, development, and production of Federal coal under Federal coal leases, licenses, and permits, regardless of surface ownership, pursuant to the Mineral Leasing Act of February 25, 1920, as amended (MLA), and in conjunction with the rules at 43 CFR Group 3400 and 30 CFR Chapter VII. Included are provisions relating to resource recovery and protection, royalties, diligent development, continued operation, maximum economic recovery (MER), and logical mining units (LMU's). Except as otherwise provided in 25 CFR Chapter I or Indian lands leases, these rules do not apply to operations on Indian lands. The provisions in these rules relating to advance royalty, diligent development, continued operation, MER, and LMU's shall not apply to Indian lands, leases and permits. The rules governing exploration licenses for unleased Federal coal are codified at 43 CFR part 3410. Until final rulemaking is promulgated and implemented by the Office of Surface Mining Reclamation and Enforcement (OSM) regarding the initial Federal lands Programs, the initial Federal lands Program rules codified at 30 CFR part 211 (1981) shall remain in effect.

§ 3480.0-5 Definitions.

(a) As used in the rules of this part, the following terms shall have the following meanings:

(1) *Advance royalty* means a payment under a Federal lease in advance of actual production when authorized by the authorized officer to be made in lieu of continued operation. Payments made under the minimum production clause, in lieu of actual production from a Federal lease issued prior to August 4, 1976, and not readjusted after August 4, 1976, are not advance royalty under the provisions at 43 CFR 3483.4

(2) *Assistant Director for Solid Leasable Minerals* means Assistant Director for Solid Leasable Minerals, Bureau of Land Management;

(3) *Assistant Secretary for Land and Water Resources* means the Assistant Secretary for Land and Water Resources, Department of the Interior;
